

2019 SHOT SHOW BOOTH #1014

WHO WE ARE

FirstEdge® designs and builds superior quality, highly functional products that work, right here in the USA. We closely partner with experts in the field to develop unique, efficient and practical solutions, that solve real-life problems. Our first knives were created for Elite Forces. These knives and sheaths had to withstand and exceed the demands of tough conditions encountered in both deployment and training. FirstEdge® knives are now sold through our authorized network of Dealers and Distributors. FirstEdge® designs and builds other specialized items for the U.S. Military. We are dedicated to supporting uniformed personnel in all branches of the U.S. Military as well as First Responders.

The FirstEdge® Management, Design, and Production Teams have over three decades of successfully developing patentable products and bringing them to the market.

What is patented TRACKLOCK® TECHNOLOGY?

FirstEdge® Folding Knives are equipped with a Patent Pending Locking Mechanism designed for military, outdoor extreme environments as well as everyday carry. The TrackLock's® large steel locking pin passes through the blade and the hardened steel liners. This "double-shear" mechanism is one of the strongest available, greatly exceeding the industrial standard for knife-lock failure. The TrackLock® allows for easy, fast and safe one-handed opening and closing of the blade.

All FirstEdge Products have a LIFETIME WARRANTY

At FirstEdge®, we are extremely proud of our products and sincerely value our customers. We want you to be 100% satisfied with your FirstEdge® experience. Our Fixed Blade knives are designed to withstand heavy, extreme use. If your fixed blade knife fails, we will repair or replace it free of charge, no questions asked. Our Folding Knives are tough and are designed for powerful, precision cutting. If your folding knife fails to perform due to a defect and doesn't meet your expectations, we will repair or replace your knife free of charge. We don't expect our knives to fail, but if this happens, we will take care of you.
